ABOUT HUSKY ENGINEERING

INTRODUCTION

Husky Engineering Pte Ltd is made up of a core team of experienced engineers to satisfy customer requirements for Marine Engines Service and Repair. This business has since developed and is expanding steadily.

As the organization evolves, additional capabilities have been added to include Life Boat and Davit Inspection, Life Boat Repairs and Engine Servicing and Vessel Technical management. We are also now engaged in trading and distribution of spare parts in support of the activities abovementioned in both the Marine and Offshore sector.

VISION

To provide most practical and cost effective solution to our customer in order to be the best and leading in the industry.

We aim to have wide market network, covering developed and developing markets, adding value to the ongoing business, adapting the innovation in the industry, staying ahead in dealing with change, creating new values, contributing broadly to society and to grow as a modern engineering company.

MISSION

- ▶ To endeavour, at all times, to maximize customer satisfaction with the services provided by Husky Engineering Pte Ltd.
- ▶ To inspire and developed our employees to be the best they can be.
- ▶ To ensure compliance with relevant statutory and safety requirements.
- ▶ To achieve and maintain a level of quality which enhances the Company's reputation with customers.
- ▶ To constantly upkeep ourselves with new knowledge and best practices to ensure our sustainability and add value to whom we work with.
